Note: The usage and maintenance of the AIO Medical PC and the intraoral scanner are not covered by this guide.
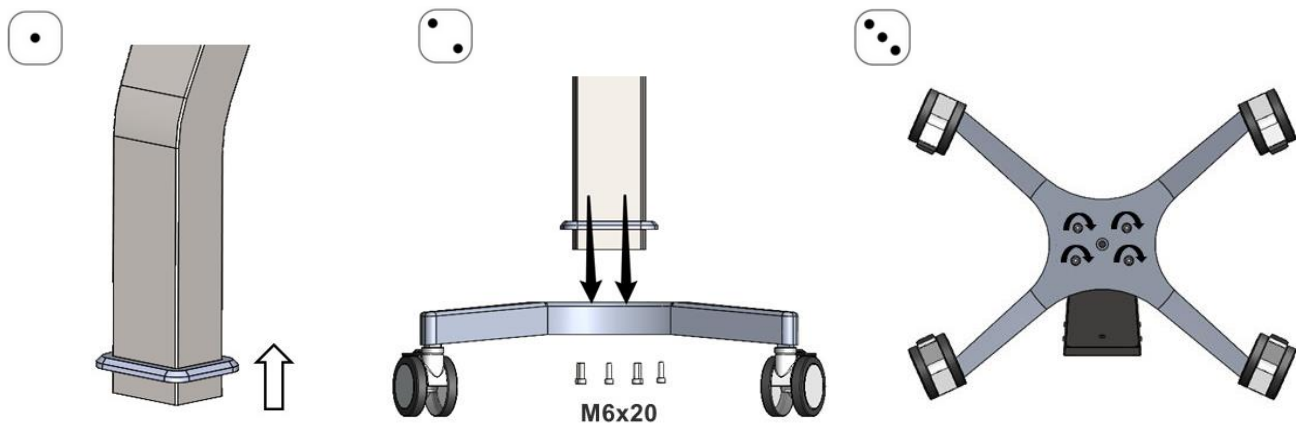

⚠️ **WARNINGS**

- **Keep all wheels unlocked and in contact with the floor when moving IS Voyager.**
- **Do NOT mount any other all-in-one PC not provided by Dental Imaging Technologies Corporation on IS Voyager.**
- **Always place the scanner in its intended mount on IS Voyager when not in use and when moving IS Voyager.**
- **Do NOT place IS Voyager on a slope greater than 10 degrees.**

Cleaning and disinfecting: During normal use, IS Voyager may become dirty and should be cleaned regularly. Prepare a clean cloth that has been moistened in a cleaning solution, and wipe IS Voyager thoroughly with the cloth. Or use cleaning wipes.

**Tested cleaning agents**: 75% Alcohol, CaviWipes
